As I was walking along the street,

They were dangling there to my surprise,
So I looked up and saw two round _____ (eyes).

The man made of egg,
Just dangled each long _____ (leg).

I said to him, "Well, hello there!"
while he combed a few strands of his _____ (hair).

Oh would you, could you please,
tell me why you sitting are between those two _____ (trees).

Oh, I don't know that,
he said as he put on his _____ (hat).

I'm just taking a rest,
and he then unbuttoned his _____ (vest).

He then asked me why I was interested in the two plants.
And he then began to tug at his _____ (pants).

Oh, it's you I'm interested in I said,
As I noticed the shape of his large _____ (head).

You see, I was off to visit the three new farms,
I told him as he crossed his long _____ (arms).

I hope I haven't ruined your plans,
He said as he began to shake both of my _____ (hands).

I guess they would be fun to see I suppose,
and with that he blew his _____ (nose).

Suddenly he lost balance and started to fall
I just looked in dismay as he flew off the _____ (wall).

As he headed south,
